City of Cleelum -

as a Resident in the 7th Hill neighborhood  
I 100% oppose the idea of vacation  
Rentals.

There's not enough infrastructure  
to support this many people and cars.

There is already a problem with  
more cars speeding through this small  
neighborhood putting displaced wildlife  
and kids safety at risk. The roads  
and alley have had no improvements,  
no police patrolling.

The garbage will attract bears, raccoons  
and other animals, that are being  
displaced now and in our yards  
already.

The development was a bad idea  
to begin with and this would make  
it 1000 times worse!

WE all say NO to it!
