Re... STR-2025-002

Applicant - Rob & Joyce Lee

To the City of Cle Elum

I oppose the idea of turning this neighborhood into a vacation Rental area. The infrastructure is already falling apart. WE have all ENDURED a huge increase of traffic on our little streets with no Repairs.

The water pressure on this hill has dropped significantly!

The tourism has increased with speeders, making our streets unsafe for the children and pets here.

The wildlife, Elk and Deer are literally running off Edgera and down our Roads. I have been here since 2020 unlike the folks who are generational. They are all voicing the same issues.

We don't want this proposal to Pass. Living in the 'City' is not what we want which is why we live in here. Please Do Not allow this!!
