Dear Planning Department,

We care deeply about our neighborhood and our lovely town. We support growth, but the current Teanaway Court proposal, with several three-story buildings, feels too big and out of place for our area.

These buildings would look directly into our neighbors' backyards. Taking away the privacy we all value in our daily lives. We're also worried about the wildlife that regularly passes through our street and bed down in the field. The animals make this place feel connected to nature. Large, dense construction could easily disrupt those natural patterns.

We respectfully ask that the project be redesigned with lower height and density so it fits better with the surrounding homes and preserves the qualities that make this community feel like home.

Thank you for listening and for considering our concerns.

Sharon Parks
