City of Cle Elum:

Concerning the Teanaway Court Project

Date: February 4th, 2026

From: Alyssa and Brandon Cole

1007 E 3rd Street

Cle Elum 98922

We are unable to attend the City Council meeting this evening (February 4, 2026), but we want to make it clear that we are opposed to the Teanaway Court Project in its current scope. We would like the City of Cle Elum to please take into consideration the list of concerns of our neighbors who are able to be there in person tonight. We share their concerns and their desires for changes and concessions.

We have three kids between the ages of 1-5 and believe this development will greatly increase the likelihood of danger and injury for our kids and neighboring kids. The more we learn about the project, the more we feel our neighborhood is not adequately equipped for a project of this magnitude. We have stated our opposition and concerns in an email that was sent to the City on November 30th, 2025.

Thank you,

Brandon and Alyssa Cole
