My Name is Tracy Taylor. I live at 306 N Columbia Ave, Cle Elum, WA 98922. I'm reaching out in regards to the Habitat ROW vacation project that is in between 2nd and 3rd and Columbia Ave. and Floral Ave. Our garage, driveway, and back yard are in the alley. According to the map it looks like there are plans to put a main entrance into the project directly across from our driveway and garage. It is a gravel alley that is 5 yards wide. I am under no illusion that the property in question will remain undeveloped. I am asking that there not be a neighborhood entrance 5 yards from the front of our vehicles and back yard. It opens the door to property damage, and vandalism/theft. It is also a safety concern. Entrances on 2nd and 3rd are sufficient for a neighborhood that small. If a 3rd entrance is required, putting it on Floral ave makes more sense and is less disruptive to the homes that share the alley. Please give me a chance to speak to the council. Thank you for your time and consideration.

Very Kindly,
